

Become one of the Enlightened Minds

Behold Leather Lighting, the brightest black Mankind has ever seen. A golden or silver light captured in a superior, dark skin. The Leather Lighting Collection offers hand-finished floor-standing, table, pendant and wall models. Fixtures are available with a golden or silver reflector, for your ideal ambience. Taken from first class hides, the leather is being carefully selected and strictly checked. Everything to bathe yourself in the most delicate light.

Black to the future. Feel it on www.leather-lighting.com
