Introducing ARPI outlets, discreetly delivering power from the floor to your hotel interiors with a sleek design, enhancing functionality in your open spaces. Our range includes various connection technologies such as sockets, data (RJ45), radio TV, speakers, and USB ports, tailored to meet the specific needs of hotels and their guests. With a proven track record of over 30 years, ARPI ensures waterproof performance, reliable power and data supply through the ground - guaranteeing convenience and efficiency for your guests' needs.

Meet Berrier Junior SWIVEL.
Lithoss & Tal's design team joined forces again to write a new chapter in their jointly successful Luminaires story.

Synergy

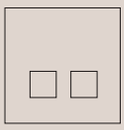

Joined through the exclusive use of premium materials, the integration of lighting, switches and sockets forms a unified harmony within your design concept.
Elevate the notion of holistic design to new heights with TAL and Lithoss.

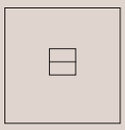

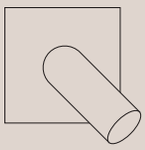

Endless possibilities

The many combinations our customers can create are the things that provide Lithoss with its unique and exclusive character.
